

360° Atraumatic Retraction.
360° Wound Protection.

- ▶ Maximizes exposure, minimizes incision size
- ▶ Reduces the risk of wound infections ¹
- ▶ Offers ultimate versatility

Alexis[®] O[™]

Wound Retractor

360°

Alexis® O™ Wound Retractor

360°

Provides 360° Atraumatic Retraction

- *Distributes force evenly for optimal field of view*
- *Allows for maximum exposure with a minimum incision size*

Provides 360° Protection

- *Significantly decreases wound infection¹*
- *Allows visualization of wound margins*
- *Maintains moisture at the incision site¹*

Offers Ultimate Versatility

- *Unique design facilitates rapid and effortless set-up*
- *Multiple sizes accommodate a wide range of surgeries*

360° Atraumatic Retraction, 360° Protection

Designed for soft tissue retraction, the Alexis O wound retractor provides 360 degrees of atraumatic circumferential retraction and 360 degrees of protection. In addition to decreasing wound infections, the Alexis O retractor provides unparalleled exposure without the trauma associated with prolonged point retraction.

“The results of this study demonstrate that wound infection decreased significantly in the *With Alexis* retractor group.”¹
